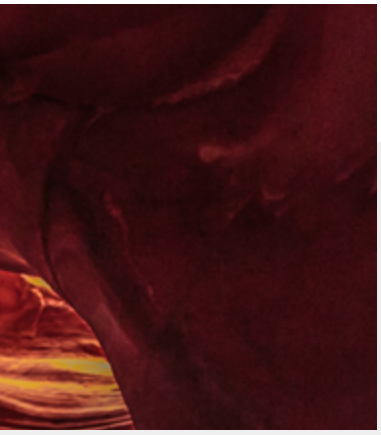
ABOUT NERO

A private space where you can be truly alone,
Classic and durable, yet beautiful.

This is NERO,
A luxury bathroom brand that interprets artistic beauty in a minimalist way.

NEW OPAL



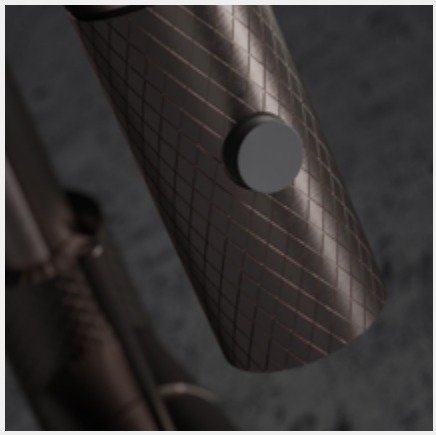
The English word "Opal" is derived from the Latin Opalus
It means "combining the beauty of gems"
The ancient Roman natural scientist Pliny once said: "On an opal stone, you can see the flames of rubies, the color spots like amethyst, and the green sea like emeralds. It is colorful, integrated and beautiful."

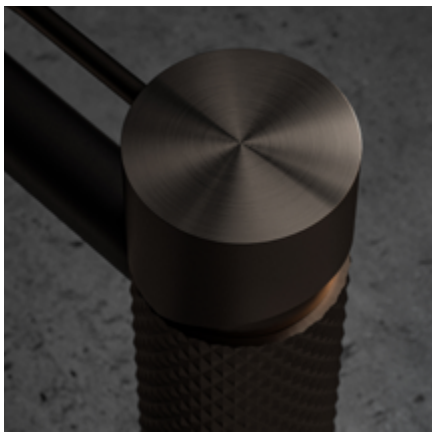
The brand new OPAL series by NERO is based on this design concept
Opal's multi-faceted texture design has diamond prisms with multiple angles.

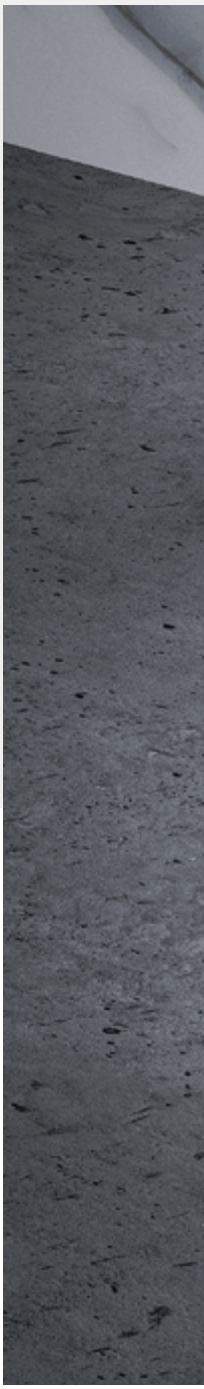
The multiple facets, create light reflections, that will add endless visual experience to your space,
Every face is beautiful and every detail is meticulously crafted.

INNOVATIVE TECHNOLOGY OF THE OPAL RANGE

The application of PVD technology and AF (Anti Fingerprint) process makes the surface of Opal more durable keeping it looking like new and easy to clean.







INNOVATIVE CARVING TECHNOLOGY

Making Your Bathroom Ultra Stylish.

Innovative cutting technology makes every piece shimmer as it catches the light.
The result is sophisticated and dazzling.
