Velvet (V) Finish:

This high-end finish adds a velvety-soft feel. Velvet provides a deeper and richer look and touch.

Xtreme Matt (XM) Finish:

Creates a silky soft matt finish using the latest European trends. The Xtreme Matt range is durable and easy to maintain.

Glis (G) Finish:

A beautiful shiny finish that reflects light. Glis finishes help to make a space feel bigger and more open than it is even when you are considering a darker colour.

Traceless (TS or TP) Finish:

Traceless is a range of HPL Laminate mounted to 18mm board. The finish allows colours to appear more consistent in varying light exposure environments.
